Training the trainers

FH Salzburg hosted the international training event “WP5 Training Session on Violence Prevention” as part of the PREV-HED project.

On the first day participants took part on “Neustart – Teatro di pace” workshop, which used role play to address perspective change when working with perpetrators.

On the second day, participants engaged in individual reflection and a World Café process across thematic tables. The day concluded with a presentation of the PREV-HED Chatbot, designed to help students identify and report sexual harassment.

The final day featured a field trip to the “Gewaltschutzschirm” (Protective Shield Against Violence) and concluded with a feedback session and a social dinner.
